01 / Main checkpoints

Currently recorded as stolen?

NO

Based on the returned stolen-status records.

Outstanding finance recorded?

YES

Finance records found must be reviewed before purchase.

Insurance condition records?

YES

Review loss, recovery and category details; not every record is a write-off.

Recorded as scrapped?

NO

See scrappage and destruction-certificate details.

Recorded as imported?

NO

Import history is not itself an adverse finding.

Currently recorded as exported?

NO

Previous export history is shown separately.

NO means not recorded in the returned data, not a guarantee. UNAVAILABLE is not a clear result. Read the supporting details before making a decision.

Detailed check results and vehicle history follow on the next pages.

Sources and interpretation

Data provided by Experian through One Auto API for the vehicle-history sections. MOT data is not supplied by Experian and is not included in this document. Provider: <https://www.oneautoapi.com/>

This is a snapshot at the retrieval time, not a guarantee of vehicle condition or ownership. No records returned does not guarantee that an issue does not exist. Missing data is not treated as clear. Check the vehicle, VIN and important details independently.

MOT history is provided separately and is not included in this PDF. This vehicle-history report does not establish a verified mileage history or include an indemnity guarantee. This document is not a VAT invoice or payment receipt.
